

## Some Publications to which Peter Fisk Associates team members have contributed as authors

Sanderson, H., Belanger, S.E., Fisk, P.R., Schäfers, C., Veenstra, G., Nielsen, A.M., Kasai, Y., Willing, A., Dyer, S., Stanton, K., Sedlak, R. (2008). An Overview of Hazard and Risk Assessment of the OECD High Production Volume Chemical Category – Long Chained Alcohols [C6-C22] (LCOH). *Ecotoxicology and Environmental Safety* (Article in press)

Fisk, P.R., Wildey, R.J. Girling, A.E., Sanderson, H., Belanger, S.E., Veenstra, G., Nielsen, A.M., Kasai, Y., Willing, A., Dyer, S., Stanton, K. (2008). Environmental properties of long chain alcohols. Part 1: Physicochemical, environmental fate and acute aquatic toxicity properties. *Ecotoxicology and Environmental Safety* (Article in press)

Schäfers, C., Boshof, U., Jüriling, H., Belanger, S.E., Sanderson, H., Dyer, S.D., Nielsen, A.M., Willing, A., Gamon, K., Kasai, Y., Fisk, P.R., Girling, A. (2008). Environmental properties of long chain alcohols. Part 2: Structure–activity relationship for chronic aquatic toxicity of long-chained alcohols. *Ecotoxicology and Environmental Safety* (Article in press)

Belanger, S.E., Sanderson, H., Fisk, P.R., Schäfers, Mudge, S. M., Willing, A., Kasai, Y., Nielsen, A.M., Dyer, S.D., Toy, R. (2008). Assessment of the environmental risk of long chain alcohols. *Ecotoxicology and Environmental Safety* (Article in press)

Veenstra, G., Webb, C., Sanderson, H., Belanger, S.E., Fisk, P.R., Nielsen, A.M., Kasai, Y., Willing, A., Dyer, S., Stanton, K., Sedlak, R. (2008). Human Health Risk Assessment of Long Chained Aliphatic Alcohols. *Ecotoxicology and Environmental Safety* (Article in press)

Fisk, Peter R. and Wildey, Rosalind J. (2008). Principles of design of chemicals with low environmental hazard. Supplement to *Chimica Oggi/Chemistry Today*, 25 (6): Green Chemistry/Ionic liquids, pp 3-6

Fisk P.R., McLaughlin L. and Wildey R.J., (2004). Good practice in physicochemical property prediction, in *Predicting Chemical Toxicity and Fate*, eds. Cronin M.T.D. and Livingstone D.J., CRC Press.

Girling, A.E. et al. (2004). Estimating Spatial Patterns of Effluent Exposure Concentrations in Direct Toxicity Assessment studies. *Ecotoxicology*, 13, pp. 449-461

Girling, A.E., et al. (2000). Derivation of predicted no effect concentrations for lindane, 3,4-dichloroaniline, atrazine and copper. *Ecotox. Environ. Saf.* 46, pp. 148-162

Pascoe, D. et al. (2000). The development of toxicity tests for freshwater pollutants and their validation in stream and pond mesocosms. *Water Res.* 34(8), pp. 2323-2329

Girling, A.E. et al. (2000). Development of methods to assess the effects of xenobiotics in outdoor stream experiments. *Ecotox. Environ. Saf.* 45, pp. 1-26

Girling, A.E. et. al. (2000). Development of methods for evaluating chronic toxicity to freshwater ecosystems. *Ecotox. Environ. Saf.* 45, pp. 148-176

Fisk, P.R. and Jonathan, P. (1999). A new approach to the prediction of diffusion coefficients, *Comprehensive Chemical Kinetics*, Volume 37, 543-571.

Fisk, P.R. Ford, M.G. and Watson, P. (1999). The kinetics of partitioning of compounds between octanol and water, and its relationship to the movement of molecules in biological systems, *Comprehensive Chemical Kinetics*, 161-194.

Rufli, H. Fisk, P.R. et al., (1997). Aquatic toxicity testing of sparingly soluble, volatile and unstable substances. *Ecotoxicology and Environmental Safety*.

Fisk, P.R. (1995). Methods of estimation of physicochemical properties, in '*Environmental Chemistry of Pesticides*', edited by T.R. Roberts, P.C. Kearney, Wiley.

Fisk, P.R., Howes, D.A., Loss, J. (1993). New challenges for physical chemists: laws, chemicals and regulators', *Prev. Process Ind.*, 6, 165-167.

Hamnett, Andrew; Higgins, Simon J.; Fisk, Peter R.; Albery, W. John (1989). An ellipsometric study of polypyrrole films on platinum. *Journal of Electroanalytical Chemistry and Interfacial Electrochemistry*, 270(1-2), 479-88

Albery, W.J., Choudhery, R.A. Fisk, P.R. (1984). Kinetics and mechanisms of interfacial reactions in the solvent extraction of copper. *Faraday Disc. Chem. Soc.*, (77), 53-65.

**Non-Peer Reviewed articles:**

Barnes, H.E. (2006). Pollution Factors. Croner *Chemical Safety Briefing*. November 2006

Barnes, H.E. (2006). Pesticides, parts I-II. Croner *Chemical Safety Briefing* .December 2005-January 2006

Fisk, P.R. and Wildey, R.J. (2005). Multi-component organic substances - exposure and assessment issues, Croner *Chemical Safety Briefing* January 2005.

Barnes, H.E. (2004). REACH: the current proposals, parts I-III, Croner *Chemical Safety Briefing* .January-March 2004.

Wildey, R.J. and Barnes, H.E. (2003). Emissions Scenarios: parts 1-4, Croner *Environmental Hazards Briefing* issues 84-87.

Barnes, H.E. and Wildey, R.J. (2002). Health effects assessment of substances during the research and development process. Croner *Environmental Hazards Briefing*. January 2002.

McLaughlin, L. PBT. Croner *Environmental Hazards Briefing*

McLaughlin, L. Surfactants/detergents. Croner *Environmental Hazards Briefing*

McLaughlin, L. and Moore, L. Life cycle. Croner *Environmental Hazards Briefing*

Wildey, R.J. (2001). Environmental assessment of substances during the R&D process, Croner *Environmental Hazards Briefing* issue 67.
